Hire to Retire (H2R)	• Recruitment automation • Payroll and tax automation • Performance management system • Learning management systems
Administration	• Visitor management systems • Meeting setup and scheduling
Cyber Security	• Secure database management • Firewall verification • Email and website security protocol testing • Cloud structure optimization

Case Study
Compliance Management Solution

CONCERN
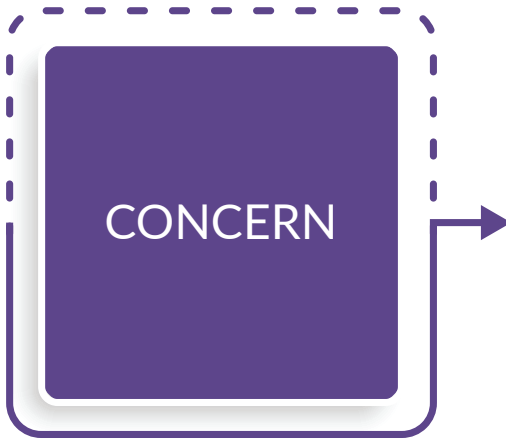

- The compliance division of a manufacturing company was struggling to manage a large number of compliance requirements.

- The existing process was manual and running on excel spreadsheets and minimal revision frequency.
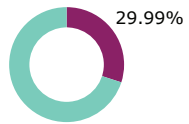

SOLUTION OFFERED

- Compliance management solution identified with predefined checklists, reminders and regular updates in consonance with law.

- Compliance requirement of each branch office mapped and updated in the tool. Approval mechanism setup to ensure proper reviews.

Digital Solutions
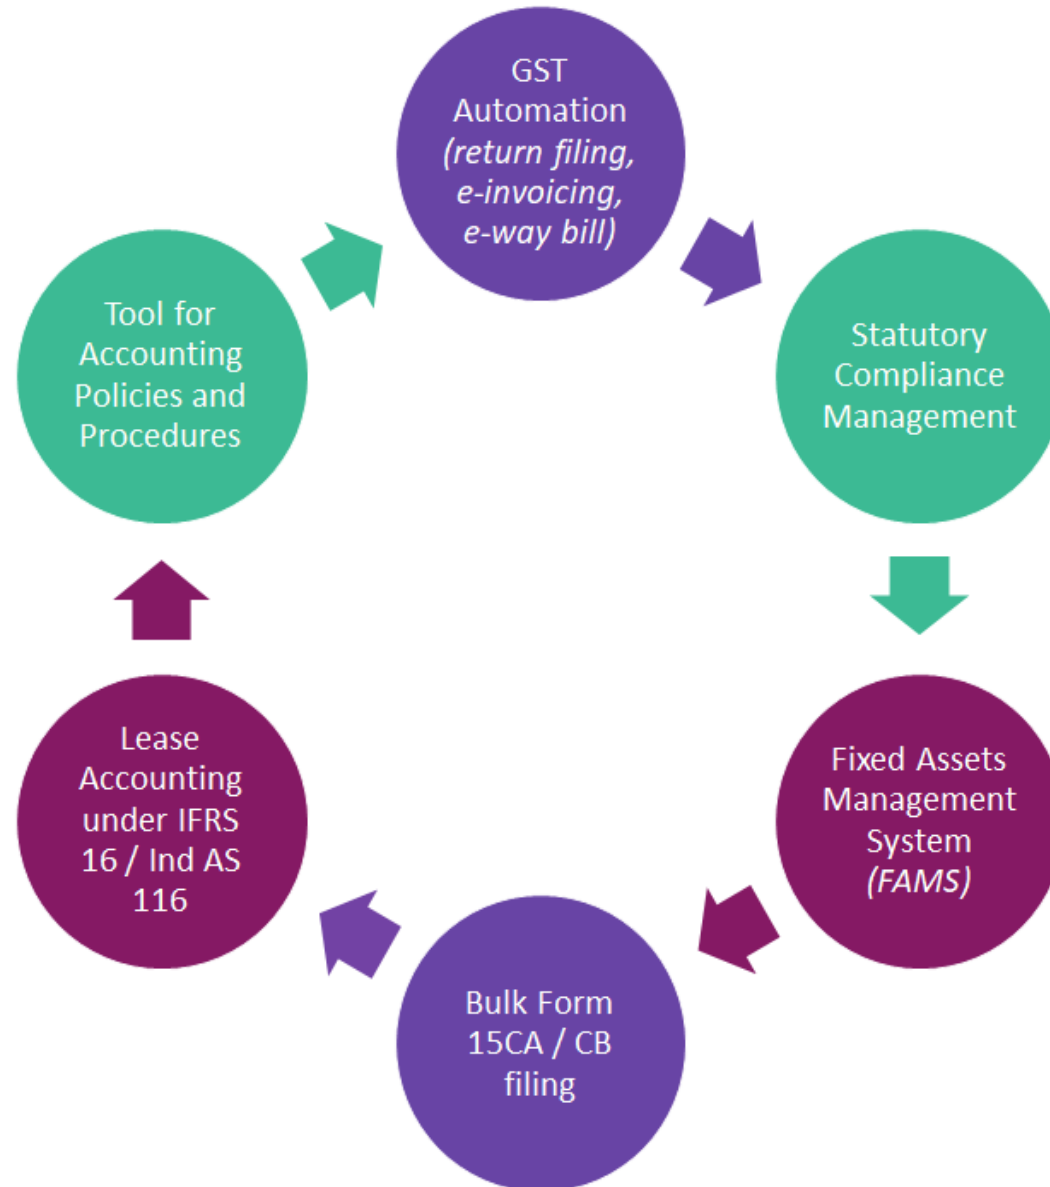

Effective Cyber Security

Integrity

Keeping information from being altered, like accounting records

Confidentiality

Information that is sensitive, like customer database

Availability

Ensuring those who rely on accurate information can access it, like inventory in hand

Secure Your Business

Reinforcing confidence in your digital setup

Ensuring security protocols are as per industry benchmark

Real-time assessment of network and data

Certifying your security structure under various regulations

PEOPLE

Our able and capable people
are the competitive advantage,
and together we strive
for excellence while
fostering a sense of
pride and satisfaction
in all that we do

PASSION

To remain competitive,
relevant and of value to our
clients, we must lengthen
our stride and go that
extra mile – always exceed
expectations!

PERFORMANCE

Not just do, but excel - blend
good intent with uncompromising
standards, intelligent work,
attention to detail and
skillful execution
